About Us

Styling Station is a not-for-profit organisation, with a core mission to offer a unique styling service to every woman in our community. But we're not just about fashion; we're about fostering a sense of unity, spreading kindness, and making a sustainable impact. At Styling Station, we believe in the power of clothing to restore hope and dignity, especially in vulnerable women. But that's not all. We are passionate about reducing fashion waste and minimising the environmental impact of the fashion industry. We actively divert new clothing from landfill and promote sustainable practices.
